

SPEAKER WALL MOUNTING BRACKETS

HY-WM7B, HY-WM7W

Thank you for purchasing TOA's Speaker Wall Mounting Bracket.

Please carefully follow the instructions in this manual to ensure long, trouble-free use of your equipment.

1. SAFETY PRECAUTIONS

- Before installation or use, be sure to carefully read all the instructions in this section for correct and safe operation.
- Be sure to follow all the precautionary instructions in this section, which contain important warnings and/or cautions regarding safety.
- After reading, keep this manual handy for future reference.

WARNING

Indicates a potentially hazardous situation which, if mishandled, could result in death or serious personal injury.

- Install the speaker only in a location that can structurally support the weight of the speaker and the mounting bracket. Doing otherwise may result in the speaker falling down and causing personal injury and/or property damage.
- Since the bracket is designed for indoor use, do not install it outdoors. If installed outdoors, the aging of parts causes the speaker to fall off, resulting in personal injury. Also, when it gets wet with rain, there is a danger of electric shock.
- Owing to the speaker's size and weight, be sure that at least two persons are available to install the speaker. Failure to do so could result in personal injury.
- Do not use other methods than specified to mount the bracket. Extreme force is applied to the bracket and the speaker could fall off, possibly resulting in personal injuries.
- Use nuts and bolts that are appropriate for the wall's structure and composition. Failure to do so may cause the speaker to fall, resulting in material damage and possible personal injury.

- Use the specified speaker and rigging bracket in combination. Doing otherwise may cause the speaker to fall off, resulting in personal injury.
- Tighten each nut and bolt securely. Ensure that the bracket has no loose joints after installation to prevent accidents that could result in personal injury.
- Avoid installing the speaker in indoor swimming facilities that are not well ventilated. In such locations, the bracket may be vulnerable to corrosion, eventually allowing the speaker to fall resulting in personal injury.

CAUTION

Indicates a potentially hazardous situation which, if mishandled, could result in moderate or minor personal injury, and/or property damage.

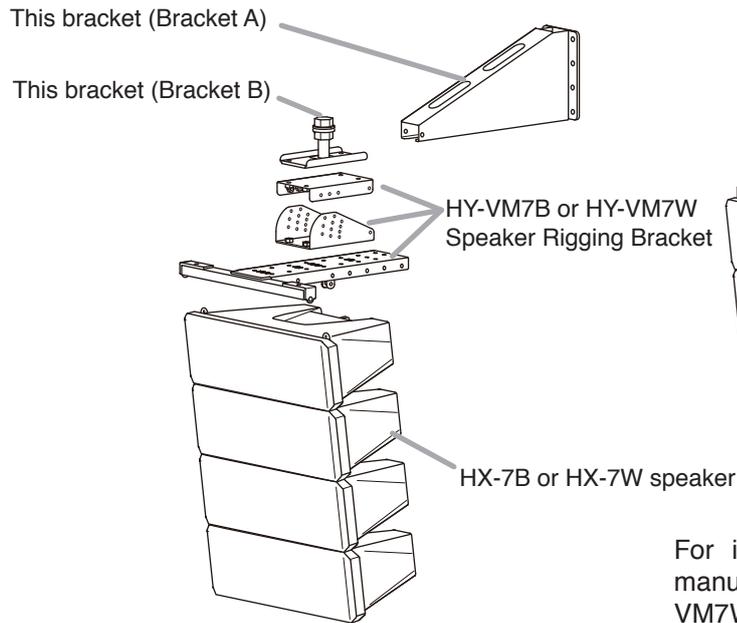

- Avoid touching the bracket's sharp metal edge to prevent injury.
- Do not place heavy objects on the bracket as this may cause the speaker to fall or break which may result in personal injury and/or property damage. In addition, the object itself may fall off and cause injury and/or damage.
- Do not stand or sit on, nor hang down from the bracket as this may cause the speaker to fall down or drop, resulting in personal injury and/or property damage.
- Have the bracket checked periodically by the shop from where it was purchased. Failure to do so may result in corrosion or damage to the mounting bracket that could cause the speaker to fall, possibly causing personal injury.

2. GENERAL DESCRIPTION

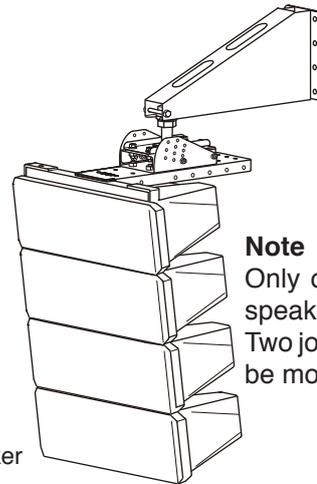

The HY-WM7B and HY-WM7W are intended for mounting the HX-7B or HX-7W Speaker System to indoor walls by using together with the optional HY-VM7B or HY-VM7W Speaker Rigging Bracket.

3. MOUNTING DIAGRAMS

[Component disassembly]

[Completed installation]

Note
 Only one HX-7B or HX-7W speaker can be mounted.
 Two joined speakers cannot be mounted.

For installation method, refer to the instruction manual supplied with the optional HY-VM7B or HY-VM7W Speaker Rigging Bracket.

4. SPECIFICATIONS

| Model No. | HY-WM7B | HY-WM7W |
|---------------------|---|---------------------------------------|
| Finish | Steel plate, black, semi-gross, paint | Steel plate, white, semi-gross, paint |
| Weight | 5 kg (11.02 lb) | |
| Accessory | Hex head bolt M8 x 25 with spring and plain washers 4 | |
| Optional products | HY-VM7B Speaker Rigging Bracket | HY-VM7W Speaker Rigging Bracket |
| Product Composition | Bracket A 1, Bracket B 1 | |

Note

The design and specifications are subject to change without notice for improvement.
